# PLUM BRANDY EAU DE VIE

---

It takes a perfect plum to make a perfectly light, sweet irresistible Eau de Vie. Fortunately Palisade, where we live, grows the perfect plum. In bunches. It's truly the land of plum plenty. We take fresh Rocky Mountain plums, de-pit them, place them in an open-air fermentor and then distill them one time in our Christian Carl still for the best Slivovitz you have ever had.
